

Publications Reissue Highlights

Manual: *BASE24-pos Settlement and Reporting Manual*

Number: PS-AE000-06

Date: Nov-2007

Software: Release 6.0, Version 8

The following table highlights the major changes to the *BASE24-pos Settlement and Reporting Manual* in this edition. The first column of the table lists the sections and appendixes that contain major changes. The second column describes the major changes for each section or appendix. This edition updates the manual to release 6.0, version 8.

Section/ Appendix	Major Changes
----------------------	---------------

4	Adds the default settings for masking the CARDHOLDER NUMBER, MBR, and MEMBER NBR fields in the B24POS02, B24POS05, B24POS12, and B24POS30 reports. Changes the sample reports to identify fields that are masked.
