

Publications Reissue Highlights

Manual: *BASE24 Text Command Reference Manual*

Number: BA-AE000-05

Date: Dec-2009

Software: Release 6.0, Version 10

The following table highlights the major changes that have been made in the most recent update to the *BASE24 Text Command Reference Manual*. The first column of the table lists the sections and appendixes in which major changes have been made. The second column of the table describes the major changes for each section or appendix. These changes update the manual to release 6.0, version 10.

Section/ Appendix	Major Changes
------------------------------	----------------------

3	Adds descriptions of the MACINGON and MACINGOFF text commands supported by the BASE24-atm Triton Device Handler process. These commands effectively turn message authentication on and off, respectively, in a specified Triton ATM device. Pages 3-17, 3-22, 3-81, and 3-82.
