

SHIVANI GAVHANE

DATA ANALYST

ABOUT

I am passionate about leveraging data-driven insights to drive strategic decision-making and optimize business processes. Proficient knowledge in data extraction and data cleansing methodologies. Proficient in SQL, writing analytical queries, preparing DDL and DML scripts. Also, can work extensively with data visualization tools such as Tableau and Power BI. Seeking an opportunity to leverage my diverse skills and experience in data analytics.

WORK EXPERIENCE

• AI Variant

Data Analyst Intern

August 2023 - October 2023

Project Name :- Olist store Analysis

- Merged and cleaned the datasets using power query editor.
